

## RUSSIAN REVOLT IS AT END

Late Reports Today Indicate the Rebel Leader Deserted By Virtually All of His Officers and Men.

Official Announcement That No Further Trouble Is Expected From Korniloff.

(Associated Press Cable.)

Petrograd, September 13.—M. Skobloff, minister of labor in the Kerensky cabinet and a member of the council of Workmen's and Soldiers' Delegates, announced today that General Korniloff's adventure had collapsed and that the army at his headquarters had surrendered.

According to an earlier official statement General Korniloff's attempt seems to have collapsed and there is no longer any reason to fear a collision between the two forces.

After General Alexieff had been in communication by telephone with General Korniloff the opinion was expressed that the revolutionary general would abandon his enterprise.

### GEN. KORNILOFF WOULD SURRENDER

(Associated Press Cable.)

London, September 13.—General Korniloff, former commander-in-chief of the Russian armies and leader of the rebellion against the provisional government has expressed a willingness to surrender on certain terms.

The provisional government, however, demands his unconditional surrender.

### TROOPS DESERT KORNILOFF CAUSE

(Associated Press Cable.)

Petrograd, September 13.—A division of General Korniloff's forces, composed of Moslem troops, has reached a point 15 miles south of Petrograd.

General Kugushell's loyal Mohammedan officers were sent to treat with them and they agreed to abandon resistance to the provisional government on condition that they be sent home to the Caucasus, where they must not be employed against the Turks.

Premier Kerensky agreed to his provision.

According to official statements the so-called "Savage" division composed of Georgians and Caucasians, is the only unit of troops sent against Petrograd, which remained solid for General Korniloff. Up to yesterday it was feared that force would have to be applied, but it now seems the situation has cleared.

The submission of the "Savage" division was brought about through the devotion of their co-religionists to the government. The tribesmen do not speak Russian and are suspicious of Christians and when approached by the Russian emissaries refused to listen.

General Kugush with other officers have returned and are in Petrograd.

### FIFTY FIFTH TO MEET

(Associated Press Dispatch.)

Norwalk, O., September 13.—The Fifty-Second annual reunion of the Fifty-Fifth regiment Ohio Volunteer Infantry, will be held here September 21. There are now 305 living members of the regiment.

Sending Unneutral Messages Has Tangled Up Sweden With America and the European Allies

Sweden's future relations with the United States and the allied powers are now matters of keenest interest in view of the action of her representative in Buenos Aires, Argentina who acted as intermediary for the German charge there in the sending

of unneutral messages to Berlin via Stockholm. These messages informed Berlin of the sailing of Argentinian ships and in at least one instance advised that they be "spuriously versenkt," sunk without leaving trace, i. e., with the killing of all on

board. The pictures show: 1, King Gustavus of Sweden; 2, President Frigoyen of Argentina; 3, Queen Victoria of Baden and is intensely pro-German; 4, W. A. F. Ekengren, minister of Sweden to the United States; 5, Swedish cruiser Fylgia.

## FRENCH ARE TRAINING YANKEE ARTILLERYMEN

AMERICAN TRAINING CAMP IN FRANCE, SEPTEMBER 13.—(ASSOCIATED PRESS CABLE)—LARGE CONTINGENTS OF AMERICAN ARTILLERY HAVE JOINED THE EXPEDITIONARY FORCE AND ARE WELL ALONG WITH INTENSIVE TRAINING UNDER FRENCH SUPERVISORY INSTRUCTION.

PERMISSION TO MENTION THE PRESENCE OF ARTILLERY HAS JUST BEEN GRANTED. AMERICAN ARTILLERYMEN ARE USING THE LATEST MODELS OF FRENCH "SEVENTY-FIVES," AND SIX INCH HOWITZERS.

## TOLEDO I. W. W. PAPERS SAFE

(Associated Press Dispatch.)

Toledo, September 13.—All the papers taken by Federal agents last night in a raid upon the residence of Prof. Scott Nearing, and the I. W. W. headquarters, were sent to Cleveland this morning for examination by Department of Justice officials there.

### MILITARY TRAINING

(Associated Press Dispatch.)

Gambier, O., September 13.—With the opening of Kenyon College September 19, military training will be instituted as a regular course of instruction, full academic credit to be given.

## SWEDISH CLAIM IS NOT SUSTAINED BY U. S. RECORDS

(By Associated Press Dispatch.)

Washington, September 13.—Baron Akerhiem, Charge d' Affairs of the Swedish legation here, today informed Secretary Lansing that he had received the statement of the Stockholm foreign office already published here, on the passage of Count Luxburg's dispatches through the legation at Buenos Aires but as the department was in possession of that information he did not present it formally.

Examination of the already published statement reveals some inaccuracy. The Swedish foreign office says that it acted in a similar way for the United States and its minister in Turkey.

Records of the State Department show that Ira Nelson Morris, minister to Sweden has reported that the Swedish government had not been requested for any passages before April 19th, but that he had inquired if the Swedish government would be willing to assume charge of American interests in Turkey in case of a rupture.

## ANTI-GERMAN RIOTS DURING ENTIRE NIGHT

Germans in Buenos Aires Lose Heavily When Ire of Wronged Citizens Is Vented Against Against Teutons.

(Associated Press Cable.)

Buenos Aires, September 13.—Rioting which began here late yesterday in an anti-German demonstration continued all night. Every German business house in the downtown district was wrecked. The German club and several other buildings were seriously damaged by fire.

The police wounded seven rioters seriously when they fired into the crowd. Three will die.

At first the crowds were so unmanageable that the police closed all streets leading to the German legation and consulate. Firemen armed with rifles prevented the mob from destroying the offices of the German Trans-Atlantic Company, which supplies the city with light.

The cabinet last night approved the action of President Frigoyen, in presenting passports to Count Luxburg. It is said to have considered similar action in the case of Baron Lowen, the Swedish minister, but no action will be taken pending the receipt of further details from Washington and Stockholm.

Russian army headquarters apparently has not been in touch with Petrograd for the official statement given out by the war office today announced there was no communication from the field headquarters.

Comparative quiet continues on the Franco-Belgian front. The artillery has been very active in some of the Flanders sectors and moderately so at Verdun, but neither French nor British infantry has been in action.

On the Italian front the Austrians have made another determined attempt to drive General Cadorna's troops from their positions under the crest of Monte San Gabriele northeast of Gorizia. A few of the Italian advance posts were driven in but the main line held firmly and was not penetrated, the war office announced.

## GOVERNMENT TO PROVIDE SUPPLY OF COAL IN OHIO

## RESOLUTION ON SUFFRAGE IS REPORTED

Senate Will Vote on Susan B. Anthony Resolution for Nation-wide Suffrage During December Session.

(By Associated Press Dispatch.)

Washington, September 13.—The Susan B. Anthony resolution for nation-wide woman suffrage by constitutional amendment was favorably reported today by the Senate Suffrage Committee and will be voted upon at the session beginning in December.

Whether the suffrage can command the two-thirds vote in the Senate necessary to its passage and later in the House, is a question.

Suffrage supporters regard getting it out of the committee with a favorable report as a forward step and welcome the opportunity to get a record vote on it in the open.

Without debate or objection the Senate today passed Senator Shafroth's bill authorizing the Hawaiian legislature to give women who have property and other qualifications of men the right to vote in territorial elections. It also authorized the legislature to submit to the territory the question of giving women suffrage.

## 48 DAYS IN OPEN BOAT

(By Associated Press Dispatch.)

Vancouver, B. C., September 13.—A lifeboat containing Captain Haruhiko Shioya, and 16 of the crew of the wrecked Japanese steamer, Kotoira, arrived today at Ikeda Bay, Queen Charlotte Islands.

The vessel was wrecked on July 27th in Alaskan waters and during all the intervening weeks the lifeboat was at sea making for this coast.

The boat was well provisioned but the last stages of the trip left the men in a terrible condition. The entire party will reach Vancouver next week to take a steamer back to Japan.

Wireless reports at the time the Kothira Maru was wrecked said the crew had left the steamer in a lifeboat, and from that time until their arrival on the coast no word had been heard of them. There was no loss of life in the wreck.

Detail of Plan Announced Today, and Government Will Have Representative in Every Community.

If Coal Operators or Dealers Attempt to Gouge Citizens, Government Will Take Over Supply.

(By Associated Press Dispatch.)

Columbus, O., September 13.—"Within two weeks the coal relief needed by Ohio will be forthcoming," declared Attorney General McGhee today upon his return from Washington, where he went to urge government officials to take prompt steps to prevent a coal famine in Ohio.

Here is the plan which Dr. H. A. Garfield, national fuel administrator, informed Attorney General McGhee would be put into effect in Ohio by the Government to make it possible for everyone to get a sufficient supply of coal:

First a state coal administrator will be named for Ohio and he will have a representative in every community of 2,500 or more and in every county.

These representatives will notify the state administrator of the needs of the various communities. The state administrator in turn will notify the federal administrator at Washington who will order the operators and dealers to supply the needed coal.

Retail prices will be fixed so that no one will be gouged. The operators and dealers will be compelled to live up to these prices. If they refuse to furnish coal at the prices fixed by the government their supply of coal will be commandeered and distributed by the government.

## PORTUGAL IN STATE OF SIEGE

(Associated Press Cable.)

Madrid, Spain, September 13.—Portugal has been declared in a state of siege, according to a telegram received here from Lisbon, on account of a general strike.

All establishments in the Portuguese capital have been closed.

Several persons, including a number of soldiers, have been wounded by bombs.

## CROXTON GETS APPOINTMENT

(By Associated Press Dispatch.)

Washington, September 13.—Fred C. Croxton, vice-chairman of the Ohio Council of Defense was today officially named as food administrator of Ohio.

Food administrators for most of the other states have been named.

## RATE INCREASE IS SUSPENDED

(By Associated Press Dispatch.)

Columbus, O., September 13.—The State Utilities Commission today suspended for 30 days the new tariff filed by Ohio railroads providing for a 15 per cent general increase in freight rates.

The new tariff would have been effective this month.

## MAIN AND MARKET STREETS WILL BE PAVED THIS FALL

Andrews Asphalt Company Is Awarded Contract and Work Is to Be Completed Within 60 Days—May Place Asphalt Over Old Brick on Market St.

The contract for paving Market street, from North street to the alley east of the court house, and from Main to Hinde streets; also Main street, from Temple to Paint street, has been awarded to The Andrews Asphalt Paving Company, of Hamilton, Ohio, and it is expected that the work will be completed within the next 60 days.

The bid of The Andrews Asphalt Company was the only one submitted for asphalt, and as the majority of the property owners desired asphalt paving, the bid was accepted and the contract awarded as above noted.

It is expected that arrangements will be made within the next few weeks for the improvement of the half square of old brick paving from the west side of Main street to the alley east of the jail or courthouse, on Market street. If this is done the present paving will not be disturbed, but will be flushed clean, a filler applied, and then a substantial coat of asphalt placed over the present brick paving, making an uninterrupted asphalt pavement from Hinde street to North street.

The paving of Market from Hinde to North has long been desired, but during the past few years, with business pulling toward Market street, the demand has been greater, and since the new postoffice is to be located on West Market, and the new Elks' home will be erected on the former city lot, the demand for paving has increased by leaps and bounds.

It will be recalled that bids for the improvement of North Main street

were submitted a year ago, but no asphalt paving company would move its plant to this city for such a small amount of paving, and as the citizens desired asphalt paving, the matter was dropped temporarily until more paving with asphalt could be awarded.

The money for the city's portion of the North Main street work has been in the bank for nearly one year.

## RED CROSS PLANS FOR ACTIVITIES IN STRICKEN BELGIUM

The formation of a special Department under the American Red Cross Commission to France to direct all Red Cross activities in Belgium, is announced in a cable from Major Grayson M. P. Murphy, head of the Commission, to H. P. Davison, Chairman of the Red Cross War Council.

Dr. Ernest P. Bicknell, formerly Director-General of Civilian Relief of the American Red Cross, and now Deputy Commissioner to Europe, is to be placed in charge of the work in Belgium. Assisting him will be the Reverend John Van Schaick, Pastor of the Church of Our Father in Washington, D. C., and also a member of the Commission.

The decision of the Commission to separate Belgian relief work from that in France was made after several audiences of Major Murphy with the King and Queen of Belgium. Headquarters for the new Department will be at Havre, now serving as the seat of the Belgian government. Cordial approval of the plan has been voiced by Brand Whitlock, United States Minister to Belgium, in a letter to Major Murphy.

"I congratulate you and the Red Cross upon this very wise decision," wrote Minister Whitlock. "I know that it is particularly pleasing to the Belgian Government as another proof of the interest that America feels toward the Belgian cause."

### SOCIAL SESSION.

The Tabernacle High School Bible study class will hold a social session at Mrs. John Durant's on Market St., on Friday afternoon, at 2:30. All members urged to attend.

SECRETARY.

## 34 MEN FROM FAYETTE WILL GO NEXT WEEK

Thirty-four men from Fayette county will depart next week for Camp Sherman, to enter military training. This number is announced officially from Columbus, in a dispatch which says in part:

"There has been completed by the state draft headquarters the 40 per cent quotas of drafted men who are to move on Camp Sherman beginning September 19. The schedules are elaborately made out describing to the hour the time of departure and the route to be taken in getting to the big army cantonment at Chillicothe for the training they are to undergo.

"The movement will begin September 19 and continue through until September 23. The quotas and the dates of departure are as follows.

"September 19.—Allen county, 32; Ashtabula, Local Board No. 1, 88, Local Board No. 2, 44; Athens county, 48; Auglaize county, 70; Cuyahoga county, Local Board No. 1, 134, Local Board No. 2, 154; Darke county, 110; Defiance county, 16; Fayette county, 34; Fulton county, 57; Greene county, 98.

The names of the men will be announced later this week.

## ICENHOWER TO MOUNT BIG MUSKY'S HEAD

Dale Bundy, aged 10 years, living near the Stockport dam on the Muskingum river, won undying piscatorial glory last week by hooking a 17 pound muskallunge at the dam on a helgramite. The boy went out to get a mess of fish for the family larder and took along an ordinary tin and a common old pole, just like big men used to do who have graduated into the fly casting class. He slid the hook under the collar of the helgramite and sat down to think over the troubles of all unfortunate boys who are compelled to spend their young lives in the four walls of a school house instead of being free to loiter along the banks and pull out fish almost every moment.

Just then the big muskallunge came along and nabbed Mr. Helgramite and started the boy thought, for the Mississippi river. Young Bundy seized his pole and line, flaily succeeding in wrapping the line about a snag. Then as the fish became tired he swung the line around the snag several times and getting Mr. Fish near shore, whacked him on the head with a stone and finally got him out on the bank.

W. H. Icenhower of Washington C. H. secured the head of the "musk" and Saturday brought it to The Frank P. Hall company for exhibition. He will have it mounted.—Columbus Dispatch.

## BIG HOOK CALLED TO REPLACE CAR

When a car in freight train No. 92, one of the fastest freights on the Midland Division of the B. & O. left the rails at Jasper, shortly after noon Wednesday, it was necessary to call the big hook from Chillicothe to replace the car and reopen the track to traffic. The property damage was light.

## REV. SWINEHART LEAVES GREENFIELD

After four years as pastor of the Greenfield Methodist Church, Rev. F. M. Swinehart, who has many friends in this city, has been assigned to Bellefontaine, where he succeeds Rev. J. R. Colley, who goes to Greenfield to succeed Rev. Swinehart.

### NOTICE

The North Main and North Hinde Street group of the Grace M. E. church will meet at the home of Mrs. George Bybee, corner of Main and Paint streets, Friday evening at 7:30. Re-election of officers and a full attendance is desired.

SECRETARY.

## THE OLD RELIABLE STILL IN THE LEAD

J. W. DUFFEE & CO.

The Old Reliable Cash Grocers.

## BAUGHN FARM SELLS AT HIGH PRICE

The Elmer E. Baughn farm of fifty acres near Seldon was sold to Carlisle Graves, Wednesday through the Ben Jamison agency, the price paid was \$200 per acre.

The farm is well improved with attractive new bungalow.

## SEVENTH GRADE OF SUNNYSIDE MOVED

Because of light attendance in the Seventh Grade at the Sunnyside schools, Superintendent McClain has moved the Seventh to the High School building, where it has been consolidated with the Seventh grade.

This consolidation lessens the work at Sunnyside, and is a move which is regarded as practical in every way.

## 125 BUSHELS PER ACRE IS AVERAGE

By Associated Press Dispatch.

Mansfield, O., September 13.—Eight acres of potatoes have been dug on the Ohio State reformatory farm and produced one thousand bushels, an average of 125 bushels to the acre. Many acres of potatoes remain to be dug.

Immense crops have been harvested this year on the institution farm. Twenty five acres of wheat produced 855 bushels; 17 acres of rye 657 bushels; 127 acres of oats, 6458 bushels; seven acres of barley, 240 bushels. From 150 acres devoted to hay fields, there has been cut 91 tons of timothy hay, 106 tons of clover hay and 22 tons of alfalfa hay.

### NOTICE

Millwood Bible Class will meet at the home of Mrs. Herman Hodson on Van Daman Avenue, Friday afternoon at 2:15. Bring scissors.

### NOTICE

There will be no services at the Christian church tonight on account of the repair work not being finished.

### NOTICE OF APPOINTMENT.

Estate of John A. Paul, deceased. Notice is hereby given that Alice S. Paul has been duly appointed and qualified as Administratrix of the estate of John A. Paul, late of Fayette County, Ohio, deceased.

General Sage is a West Point graduate and native of New York and has seen service in the Philippines three times. He is also a veteran of Indian border warfare and has received the congressional medal of honor for distinguished services. Until recently he was stationed at Fort Snelling, Minn.

## BRAND NEW METHOD OF HANDLING CHILDREN

By Associated Press Dispatch.

Columbus, O., September 13.—Something new in methods of dealing with delinquent children has been originated by Miss Bertha Eisenbeis, of this city, who will conduct a school during the coming season to be known as "Opportunity School."

signed to correct abnormalities and subnormalities attendant upon bad environment, illness or other sources of incorrigibility and truancy.

The keynote of the entire scheme is to teach pupils things in which they are interested. Play grounds, model kitchens, gymnasiums, gardens, fishing pools, shops, sewing schools and other features will be there to tempt the boys and girls who find the ordinary routine of the class room unbearable.

The school will be ready late in October. The "Opportunity School" is de-

## Commercial Surgery is Condemned by The Best Surgeons, Just as the Commercial Practice of Medicine is Tabooed by Honorable Practitioners.—So Says Dr. Frederick Blankner, the Distinguished Specialist.

When Dr. Blankner graduated in medicine it was hard for him to decide whether he would pursue the practice of medicine or operate in the field of surgery. He attended many clinics and witnessed human slaughter where many people were doomed to the grave. Everybody who would submit was subjected to the knife. After due deliberation Dr. Blankner made up his mind that by the use of common sense hundreds who were being operated on could be avoided.

Appendicitis became very fashionable and the human slaughter houses were filled to overflowing. Dr. Blankner witnessed twenty operations in one day and not one needed the operation and all could have been cured without the knife. Out of the twenty there were six that died as a result. This is awful, and yet it does not begin to tell the story. Dr. Blankner advocated that the cause of appendicitis was constipation and today he is sustained by the best of authority. In Wooster just prior to coming to Washington three people who were advised to go to the hospital to be operated on for appendicitis came to Dr. Blankner and all three were cured. Surely this is good work. Unless a doctor knows how to give medicine and can apply it judiciously to the cause that gives distress just as many can be killed with the injudicious administration of medicine as with the injudicious use of the knife.

For the past thirty-one years Dr. Blankner has made a specialty of making sick people well. Thirty-one years of study and skill and efficiency that is valuable to every one that Dr. Blankner accepts for treatment. When last here a year ago many people from all parts of the county took treatment from Dr. Blankner and many cases were considered hopeless, many had despaired of ever regaining their health and yet Dr. Blankner obtained surprising results. If afflicted with your stomach, liver, kidneys, bowels, heart, lungs, nerves, or if you have gotter, rheumatism, eczema, acne or any other obstinate skin disease make a Little Journey to Room No. 50, Arlington Hotel, and meet the Doctor in a heart to heart talk. No more to the wise need be said.

### Teeth Extracted Without Pain

Last year when the Doctor was here he extracted 18 teeth for Mrs. T. J. Junk, R. R. No. 7; Hiram Rogers, 12, Good Hope; 14 for Mrs. Geo. T. Moore, Good Hope; 14 for Mrs. J. P. Bush, R. R. No. 2; Mrs. Jennie Fultz, 18, R. R. No. 2; Mrs. F. A. Whitmer, R. R. No. 2, had 25; Mrs. Dora Anderson, 331 Bereman, had 27; Mrs. John King, R. R. No. 9 had 21; Mrs. Michael Strittenburg, 1035 E. Gregg had 21. Many more could be mentioned. These names are given because they had their work done one year ago so that you can call them up and see what they will say for Dr. Blankner's work. Just think of it. No chloroform, ether, gas, somnoform or eucainal used. Every tooth extracted easily, gracefully, skillfully, scientifically and painlessly. No bad results. You sit in an ordinary rocking chair and as one tooth after the other is extracted you will smile and say God Bless the Doctor. It makes no difference how hard your teeth are to extract, how many you have, how badly ulcerated, how deeply the roots are embedded, how nervous you may be, how badly you have heart disease, you come and when you have one tooth extracted you will be satisfied that Dr. Blankner is an expert and that the Blankner way of extracting teeth is just what you want. Hotel Arlington until Monday, September 17th. Telephone service.

## The First Frost

While the coming of frost Monday and Tuesday nights was a little in advance of the regular schedule of the seasons yet the assurances of the men, who grow the crops, that no serious damage was done, enables us to appreciate more the beauties of the cold mornings than we would if Jack Frost had been more rude in his first greeting.

There is a great deal of the vegetation both in the fields and gardens that has not yet matured. The seasons have each one been late this year. Spring was late getting started and summer was late too, in taking up the work of crop building.

Then too the summer has been cool and there has been, in this section especially, a considerable rain fall and frequent local showers. As a result the vegetation has remained green all summer and even yet, in the early fall, things are growing. The later fruits have not ripened, sugar corn, tomatoes and beans, in the gardens are not ready for the killing frosts. None of the crops have yet had enough of the dry hot weather, which cures them for the harvest.

This year has furnished more than the usual number of scares about weather and crop conditions but, having come thus far with bumper crops in everything to our credit, it seems that we are warranted in not becoming alarmed at the light frosts.

We are entitled to a number of warm days in September and October and nature has been declaring dividends regularly this year, although each time giving us a fright just before grace days expired.

The results thus far fully warrant us in trusting nature to work out the last tasks of the season all right.

## Gasoline Consumption

The national government as a part of the conservancy program has requested the people to economize in the use of gasoline in order that more of that very necessary product will be available for military purposes.

There are countless uses, in war, which the nation has for gasoline. It would be impossible to move our great supply trucks and ammunition trains now days without gasoline. It would be impossible, without gasoline, to make use of the great aeroplane fleet which is now in process of construction, for which Congress has appropriated nearly seven hundred millions of dollars and which many critics believe will win the war for the allies. Those are only a few of the imperative needs for gasoline for military purposes.

That all sounds reasonable—most of us understand all that but few of us every stop long enough to realize just how much gasoline is used.

To bring conditions right down to our own circle—in our own city of Washington C. H. our folks consume considerably over one thousand dollars worth of gasoline a day. Doesn't seem possible does it?

Do a little work in addition and multiplication and we will begin to appreciate the enormous total. Then realize that seventy-five per cent of that enormous total is consumed by those who drive for pleasure.

Then, if we are patriotic, we will begin to subtract and divide by foregoing this or that ride for pleasure.

General statements don't mean much but when we come down to home conditions we can begin to catch the "drift."

## Dogs

One of our readers, judging from a communication addressed to The Herald, has permitted himself to become considerably disturbed because of the crusade against dogs. But for the fact that the communication is anonymous it would be published.

The writer of the communication is but one of the hundreds of millions of people throughout the world who love dogs and insist on fair treatment for them.

We are with him and we believe that there is something wrong with the man who doesn't love dogs.

The trouble with us dog lovers, sometimes, is that we think all dogs everywhere are entitled to the same treatment as the particular dog which has become a member of our own family.

We don't like to read about the progress of these official crusades against bad dogs, and stray dogs. We think officials are too indiscriminate sometimes in their enforcement of the laws and ordinances—and they are too.

At the same time we must not fail to realize—us lovers of dogs—that we can't allow the town to "go to the dogs."

There are irresponsible, dangerous dogs, just as there are irresponsible and dangerous men and organized society must protect itself against the bad element in dog circles.

Like our friend we don't believe that there is any more need of muzzling and chaining up a good dog in order to protect society than there is for locking up the good citizens in jail because house breakers are at large.

Good dogs should neither be imprisoned nor muzzled nor shot by the authorities simply because some excitable individuals start a mad dog scare.

## Poetry For Today

### ANGLO-AMERICAN ANTHEM.

Two empires by the sea  
 Two nations great and free,  
 One anthem raise.  
 One race of ancient fame,  
 One tongue, one faith, we claim,  
 One God—Whose glorious Name  
 We love and praise.

Though deep the sea and wide  
 'Twixt realm and realm, its tide  
 Blinds strand to strand.  
 So be the gulf between  
 Gray coasts and islands green,  
 With bounds of peace serene  
 And friendship spanned.

Now, may the God above,  
 Guard the dear lands we love,  
 Both East and West.  
 Let love more fervent glow,  
 As peaceful ages go,  
 And strength yet stronger grow,  
 Blessing the best.  
 —George Huntington in British Empire Review.

## DEATH CLAIMS MRS. T. T. BEATTY

Early Thursday afternoon the sad word came from Columbus that Mrs. T. T. Beatty had died at the Mt. Carmel Hospital at half past one o'clock. On Wednesday Mr. Beatty, daughter Miss Marie and son Ralph were called to Mt. Carmel by a change for the worse in Mrs. Beatty's condition. The other son, Dr. Hugh Beatty, of Columbus had been constantly in attendance and Mr. Beatty and children had been with her much of the time during the past fortnight, since her condition had become more grave.

Some months ago Mrs. Beatty had undergone a major operation at Mt. Carmel and for days her life hung by a thread, but she was spared to come home and remain a little longer in the

family circle bound together by the closest of home ties.

A lovely, Christian woman, held in the highest regard by all who knew her, Mrs. Beatty's death brings keenest sorrow to a widely extended circle and sympathy goes out in overflowing measure to the husband and three children in the great loss which is theirs.

Mrs. Beatty had been, when her health permitted identified with the church and its branch organizations and work and was a member of the Daughters of the local chapter American Revolution.

Arrangements for the funeral will be announced later.

## PASSENGER TRAIN IS DERAILED TODAY

The C. H. & D. west bound morning passenger train was tied up for sometime at the D. S. transfer a few miles west of this city, when the trucks of one coach were derailed. The east bound passenger train also was delayed until the trucks were replaced.

## PROBING FLAG COMBINE

Washington, Sept. 13.—The senate passed Senator Pomeroy's resolution instructing the federal trade commission to investigate holdup prices that are being charged for American flags in some parts of the country.

# BASE BALL!

Sunnyside Park 2:30 P. M.

Sunday, Sept. 16.

# WASHINGTON —VS.— WILMINGTON

Our old friend, "BUN" HUNGLING, will be with us next Sunday and will do the catching for Washington. He has just finished the season with the Springfield Central League Team. There will be other changes.

**NOTICE!** If you care to see base ball continue the balance of this season, and likewise next season, then it is necessary for you and your friends to attend the games. Washington has a good team—as good a team as ever represented the city. It is costing the local management considerable to maintain this team, and unless the base ball fans attend the games there can be no base ball next summer.

### NOTICE OF APPOINTMENT.

Estate of H. C. Teachnor, deceased.

Notice is hereby given that Celeste Teachnor has been duly appointed and qualified as Administratrix of the estate of H. C. Teachnor, late of Fayette county, Ohio, deceased.

FRANK M. ALLEN,  
 Judge of the Probate Court,  
 No. 2018. Fayette County, Ohio.  
 August 28, 1917.

### NOTICE OF APPOINTMENT.

Estate of Wells B. Sollars, deceased.

Notice is hereby given that Isaac L. Sollars and Mary O. Stewart, have been duly appointed and qualified as Executors of the estate of Wells B. Sollars, late of Fayette county, deceased.

FRANK M. ALLEN,  
 Judge of the Probate Court,  
 No. 2019. Fayette County, Ohio.  
 August 28, 1917.

Probate Court, Fayette County, Ohio.  
 George E. Hamilton, as Administrator of the Estate of E. C. Hamilton, Plaintiff,

vs.  
 Grace Weir, John Edgar Johnson, et al, Defendants.

No. ....

John Edgar Johnson who resides at Room 630, 116 West 39th street, New York City, New York county, State of New York, will take notice that George E. Hamilton, Administrator of the estate of E. C. Hamilton, deceased on 8th day of August, 1917, filed his petition in the Probate Court, Fayette County, Ohio, alleging that the personal estate of said decedent is insufficient to pay his debts and the charges of administering his estate;

That he died seized in fee simple of the following described real estate to-wit:

Situate in the County of Fayette, State of Ohio, and in the City of Washington and bounded and described as follows:

Beginning at a point 8.45 degrees W. of, and distant 53.14 feet from the North corner of Out Lot No. 43 in said town (Now City) and in the East line thereof; thence North 45 degrees W. along Market street 45 feet to the corner of a Lot owned by Ada Bereman; thence South 45 degrees E. with said last mentioned Lot, 10 poles to a stake; thence North 45 degrees E. 45 feet to a stake; thence North 45 degrees W. 10 poles to the beginning point.

That the widow, the defendant, Lucie S. Hamilton, is entitled to dower in said real estate, and the Defendant Grace Weir claims to hold a mortgage thereon for \$..... The prayer of the petition is for the assignment of dower in said property, that Grace Weir be required to answer, setting forth the particulars of her said mortgage lien thereon and that said property be sold to pay the debts and charges aforesaid.

Said John Edgar Johnson is hereby notified that he has been made party Defendant, herein to said petition, and that he is required to answer the same on or before the 22nd day of September, 1917.

FRANK A. CHAFFIN,  
 6t in H. Attorney for Administrator.

## In Social Circles

Eight color are spanning the... of the athletic club gymnast... made a most beautiful setting... the Blacker-Weldon wedding... reception at 7:30 o'clock Tuesday evening... It was a rain bow wedding and in the gowns of the bride's attendants and the decorations were reflected the colors of the sun's rays in drops of falling rain.

"The ceremony uniting in marriage Miss Adelaide Anklin Weldon, youngest daughter of Mrs. Richard Cowling Weldon, and Mr. Coit Lyman Blacker of Chillicothe, took place at the First Presbyterian church, the services being read by Rev. Dr. Cyrus Boyd Beckes. Vows were pledged with the ring and at its completion the young people knelt for the nuptial benediction. The bride came in with her brother, Mr. Nelson Turney Weldon, who gave her away.

The service was witnessed by four hundred guests and over one hundred were entertained at the reception. Preceding and during the ceremony Miss Abbe Mills Clarke, the organist, gave a program of wedding music.

"In the bridal party were Misses Martha Wilder and Margaret Weldon flower girls; Mrs. Thomas D. Harman of Pittsburgh, Pa., a sister of the bride, matron of honor; Miss Marjorie Stone of Chillicothe, maid of honor; Miss Eleanor Jones, Miss Eleanor Lutz, Miss Regina Smith, Miss Elizabeth McCrea, of Circleville, school friends of the bride, bridesmaids; Mr. Thomas Harman, of Pittsburgh; Mr. Walter H. Ireland, of Chillicothe; Mr. Richard Simkins, of Circleville; Mr. Clifford E. Gillette and Mr. Harold C. Allread, of Columbus, as ushers.

"Circleville never sent forth a lovelier bride. Her gown was a billowy of tulle over a foundation of satin and was short and girlish. The bodice was made of tulle with short sleeves. It was banded in silver. Her tulle veil fell only to the hem of her gown and was caught in cap fashion to her hair with the chaplet of orange blossoms worn by her sister, Mrs. Harman, at her wedding. Her flowers were bride's roses arranged in a shower of lilies of the valley.

The flower maids were dainty white silk gowns, and carried white enamel baskets filled with purple and white asters and asparagus fern. "At the Circleville Athletic club gymnasium, where the reception was held all the colors of the rainbow were reflected and under many electric lights the scene resembled fairyland.

"The bride's table was in the center of the long hall and radiant in pink and yellow candles and held three large white enamel baskets filled with purple and white asters; butterfly bows of lavender tulle adorned the handles of the flower baskets and nut baskets. The place cards were hand painted cupids and coy maidens. At this table with the bridal party were Mr. and Mrs. T. D. Harman, Mr. and Mrs. N. Turney Weldon, Miss Marion Blacker, Mr. Frank Hamilton, Mr. Walter Ireland,

Mr. Clifford Gillette, Mr. Harold Allread, Mr. Richard Simkins, Miss Esther Hornbeck, Mr. John Goeller, Mr. Mack Parrett, Miss Elizabeth Abernethy, and Miss Florence Boggs." Wednesday's Circleville Daily Union Herald.

Mrs. S. E. Boggs, daughter, Miss Florence, of Good Hope, Mr. and Mrs. Josiah Kenick, Greenfield; Mr. and Mrs. George Kirk, of New Holland, were guests from this vicinity.

Mrs. Albert Snider delightfully entertained thirty little boys and girls of the primary department of the Baptist Sunday School, Wednesday afternoon.

An animal cracker hunt and an "I spy" game in which the children hunted sticks of candy, provided much pleasure for the little ones.

Asters were used in the artistic decoration of the rooms. Dainty refreshments were served. Mrs. Snider was assisted by the other teachers of the department, Misses Ruth Davenport and Laura Plymire.

The Home Missionary Society of Grace M. E. church held the September meeting in the church parlors Wednesday afternoon, with the hostesses Mesdames F. G. Carpenter, Nan Taylor, T. W. McFadden, Harry Foreman, D. T. McLean, Al Thornton, Ed Pine, Corinne Larrimer, Harry Rodecker, Miss Anna Miller.

The devotionals were in charge of Mrs. Carpenter. The meeting was chiefly a business session, with the annual paying of dues observed. It was unanimously voted to have a rummage sale the last of October.

A communication from the school at Olive Hill, Ky., asked for clothing and other necessary articles. The October meeting will be an all day session and a barrel will be packed for Olive Hill. It is hoped the society members will contribute generously.

Two new members were taken in, Mrs. O. S. Tobin and Mrs. Will Hay. Dainty refreshments were served from a tea table, prettily adorned with cosmos, and Mrs. D. T. McLean and Mrs. Harry Rodecker pouring. The guests lingered to enjoy the hospitality of the hostesses and a social hour.

In compliment to Mr. and Mrs. Charles Elliott, who are moving to Johnstown, Pa., the orchestra of the First Presbyterian church, of which Mr. Elliott is a member, gave a jolly spread Wednesday night at the home of Mr. A. J. Walker, on Broadway. Everything was served picnic style, although there was a center table, tastefully decorated with cosmos and greenery.

Mr. Walker and family freely extended the hospitality of their home and the evening was one of much pleasure, although tinged with regret over the loss of a dependable member of the orchestra.

Handsomely engraved cards bear-

ing the following announcement have been received by friends here:

Mr. James Edwin Campbell Announces the marriage of his daughter Jessie Pryce to

Doctor John Jacob Coons on Wednesday, the twelfth of September, one thousand, nine hundred and seventeen

At Columbus, Ohio. The at home cards read: Doctor and Mrs. John Jacob Coons will be at home after the first of October, Seven hundred and ten Franklin Avenue, Columbus, Ohio.

One of the most brilliant society events of many seasons in Wilmington was the marriage of Miss Phoebe Moore, daughter of Mr. Dwight Moore to Mr. O. J. Peeling, High School instructor and athletic director, which was solemnized at the Presbyterian church, Wednesday evening.

A handsome reception followed the marriage at the home of Miss Louise Williams.

The bride is well known in the younger set of this city, where she has often visited.

Honoring the sixth birthday of her pretty little daughter, Ella Mae, Mrs. Fred Kelley entertained fifteen little girls and boys of the neighborhood in delightful fashion Wednesday afternoon.

The children reveled in outdoor games and shouted with gleeful voices in a peanut hunt, Martha Stone winning the prize.

Later when the children were seated around a long table and served with the delicacies of which they are most fond their joy knew no bounds the table was a picture, with a beautiful birthday cake lighted with six blazing pink candles and decorated with clusters of pink and white asters.

The favors were pretty pink crepe baskets filled with pink and white mints.

The guests were: Audrey Clark, Norman Clark, Eileen Dume, Martha Stone, Billie Stone, Marjorie Massmore, Joella Barger, Rosalind Barger, Joseph Murphy, Francis Murphy, Beulah Harper, Vera Slaven, Helen Slaven, Virginia Smith.

## PERSONALS

Mrs. Joe Bailey, son Richard and Mrs. Pete Tracey spent Thursday in Sabina with Mr. and Mrs. John Yeazel.

Gordon, of Chillicothe, who will advise them of the special needs of Camp Sherman and point out the best methods through which the Daughters can assist.

Mrs. Robinson was accompanied by her little son, George Robinson, Jr., and will remain for a few days visit with Mrs. Luella Herbert.

Mrs. Orville Leveck and little son Billy Clifford, have returned from a week's visit with Mr. and Mrs. Leonard Groff, and Mr. and Mrs. Allen West of near Madison Mills.

Mrs. S. E. Ervin and Mrs. Frank Morris have returned from Wilmington, where they attended the convention of the C. W. B. M. and O. C. M. S. the past two days.

## LEAGUE IS URGED TO GREATER EFFORTS

The National League of Women's Service received the following letter Thursday morning gratefully acknowledging the receipt of their August shipment of surgical dressings, which were sent last week to Headquarters in New York City:

"National League of Women's Service, Washington C. H., Ohio.

"National Physical Dressing Committee of America. We gratefully acknowledge the receipt of 602 surgical dressings which will be shipped at once to our foreign distributing bureau.

We strongly urge you to increase your output as much as possible as our foreign bureaus get more requests than they can fill. Help all you can for the U. S. and the Allies.

Sincerely yours, Receiving Department, National Physical Dressing Com."

## FUNERAL SERVICES GEORGE W. GLASS

Funeral and burial services were combined over the body of George Washington Glass at the interment in the Coon's cemetery Thursday morning.

Mr. H. H. Sanderson officiated, reading the Twenty-third Psalm at the request of Mr. Glass and an appreciative memoir.

Mr. Sanderson, from years of acquaintance when he had lived on an adjoining farm to Mr. Glass, made beautiful remarks. He dwelt especially on the charity of the man to whom the gathering showed respect, his kindness, neighborliness and sincere friendship.

The pall-bearers were brothers and a nephew.

A number of friends from this city accompanied the family. Mr. Sanderson and Undertaker McCoy for the last services.

## DEATHS BUTZ.

## THREE INJURED WHEN BIG AUTO LEAVES HIGHWAY

Devalon Road Scene of Accident This Afternoon — One Man Nearly Bleeds to Death on Way to Hospital.

Three men were injured one seriously, Thursday afternoon, when the big Chalmers touring car owned by Harry Brown and driven by David Miller left the Devalon road at the turn south of the Perrill farm, and crashed into a telephone pole.

The car, contained, besides the driver, P. A. Callahan, assistant division engineer of the B. & O. railroad, of Cincinnati; W. W. Barnes, bridge inspector of the B. & O. who has resided in this city for a couple of years and W. H. Lipsett, Jr., of The Smith McCormick Construction Company, this city.

Callahan escaped with a few bruises and cuts. Lipsett sustained some bad bruises and a deep gash within an inch of his right eye, losing considerable blood.

Barnes was the worst injured, and the severing of a small artery in the face caused the blood to pour in a stream from the wounds, saturating his clothing.

Ora Blackmore, who was passing at the time, brought the injured men to this city, and they were taken to the Fayette hospital where their wounds were given attention.

Miller escaped with a very small gash on the back of one hand. Passing another machine on the curve while going at good speed was responsible for the accident, it is claimed.

# PSYCHOLOGY COUNTS AT GREAT CAMP

Men to Think, Hear and Dream in Terms of War as Part of Training.

By Associated Press Dispatch.

Camp Sherman, Chillicothe, O., September 13.—"It's the psychology of the thing—the psychology of the thing."

This expression is heard often among the officers at the big national army training camp here. And the "psychology of the thing" is playing a big part in the operations for making efficient soldiers of a nondescript horde of 43,000 men!

It is worked in subtly in so many ways that it is a powerful weapon of warfare and none realize it more than the officers who see its operation and the more and more stress that is being given it.

For instance, there is an order to officers to be lenient with the embryo soldiers. Let them go home now and then and they won't be homesick and depressed and disappointed and discontented, say the officers.

Then there is the immediate order for some kind of military work the moment the new arrivals have eaten their first meal. They are thinking in terms military and want to see and partake of it. And they get it!

The psychology of the thing! That's it.

Take the first bayonet fighting exhibition last week. Every man in camp was marched to the scene and the lecturer, Major Eric Wood, had more graphic, vivid, realistic talk and action in store for the strangers than they could find this side of the trenches.

They saw orders obeyed so quickly they scarcely could follow moves of the drill sergeants executing them. They got action pictures that all but made the blood curdle. And Major Wood did not mince words. His talk was graphic. It had the punch, the pep and the battle to it. One could almost see the Hun on the other side of the bayonet.

And—after all—it was only a big class in psychology. There was an underlying lesson beside the actual one. That was aimed at just as much as the actual lesson that the men got for future use. They have been taking it and see it almost as realistic as if at the front.

From the time a man hits Chillicothe, he will get this sort of thing—the business of war. He will think and see and hear and dream in terms of war.

And that is what this training camp is laid out to be—to make warriors of the first water.

Newspaper men who are "covering" the camp of drafted men here—and there are a number of them—have for the most part struck the first chord of a news scribe ambition to be a war correspondent.

Some of them already have donned the official army regulation war correspondent's uniform. It is almost the same as worn by officers, save that there is no cord on the hat and no insignia on the collar of the blouse or shirt. A two-inch square of white

on the left sleeve, with a large letter "C" stitched in the center, is the sign of the scribe. The uniform, specified in the new army regulations was new when sprung in camp, even to many of the trained men and friendly explanations are made daily on what the "C" stands for.

## FAYETTE SHOULD HAVE LANDING FIELD

Last Friday a government official visited the vicinity of Lafayette and selected a 40-acre clover field on the Dr. J. W. Chance farm, which will be taken under consideration as a landing for government aeroplanes. The land is in clover and is rented by Robert McMurray. The land is located on the National pike, one and one-half miles east of Lafayette.

These "landings" are installed every 40 miles. The tenant, Mr. McMurray, was given notice not to plow up this piece. The matter now lies in the hands of the government for further details.—Madison County Democrat.

If someone who has a level field of 50 or 100 acres, located near this city, that he would permit government airmen to land on, and will make the fact known, Wright Aviation Field men may make frequent trips to this city.

Several airplanes landed near Wilmington a few days ago, where such a field had been provided.

## DORMITORY BUNCH MUST BE MEMBERS

A new order has been posted in the lobby of the Y. M. C. A. for the benefit of the Dormitory occupants who may not have become members of the Y. M. C. A.

The new order requires that all dormitory members must be members of the Y. M. C. A. to comply with the law governing the matter, and that \$5 per year is the amount of the membership fee. If the amount is not paid in cash, the sum of \$6.50 will be added to the rentals of the rooms at the rate of 25c per week, and a membership ticket issued when the final payment of 25c is made.

Transients are charged at the rate of 75 cents per night.

The Dormitory has been filled with the exception of one room, and only Wednesday night 8 applicants were turned away.

## REV. C. B. PYLE MAY GO TO NEW YORK

Rev. C. B. Pyle, at present pastor of the Walnut street M. E. Church, Chillicothe, and former pastor of the West Holland Circuit in this county, has been released from the Chillicothe church to accept the pastorate of Trinity M. E. Church, at Poughkeepsie, N. Y.

Next Sunday will be the last Sunday Rev. Pyle will preach at Walnut Street Church.

Rev. C. E. Turley, of Glenwood M. E. church, Columbus, will succeed Rev. Pyle, it is announced.

## VOLLEY BALL CLASS WILL MEET TONIGHT

The Business Men's class will engage in a lively volley ball game at the Y. M. C. A. tonight at seven o'clock.

The popularity of the "Y" gymnasium is increasing rapidly with the cooler weather, and it is expected that from now on it will be heavily patronized. Business and professional men as well as the youngsters are finding the training highly beneficial.

## FIVE SONGS

Our "Sammy Boys" from dear old "Ohio" may soon be with "General Pershing and His Men" and we must do our best to "Smile" as we bid "The Soldier's Farewell."

This describes the five songs written by May M. Duffee. Play and sing them. Price 10c each. 216 t2

## B. H. MILLIKAN POST

No. 92 Department of Ohio G. A. R. will meet in regular session Saturday afternoon September 15, 1917 at 2:00 o'clock. All members of the Post should be present. Visiting comrades will receive a cordial welcome.

I. N. ROWE, P. C. R. H. HARROP, Adj.

The Classified column has a buyer.

## Piano Tuning

Expert tuning, regulating and repairing by Charles E. Forsythe, who will be here during the week of Sept. 17. Leave orders with D. W. Martin, E. Court St. Bell phone 78. Automatic 5221

216 t3

# The First Fixture I Bought For My Store

By C. S. King, of the King Mercantile Co., Joplin, Mo.

My theory is that it's better business to get all the profits on a \$10,000 turnover than half the profits on a \$20,000 one.

Mere increase in volume of sales is no guarantee of a ledger balance on the right side. You've got to get a just and fair profit on those sales.

A clerk sells a dollar's worth of groceries and makes an error of ten cents in adding up the slip. If it's an undercharge, your profit's gone. If it's an overcharge, your customer's confidence and perhaps her trade is gone. You lose either way.

## I Cashed In on Experience

Former experience taught me that getting all the profits depends largely upon the correct addition of small amounts.

So when I opened my new store I determined to put it on a basis of mechanical accuracy. That's why my Burroughs Figuring Machine was the first fixture that I put into the store.

The first job I used it for was checking up the invoices on my new goods, and here alone, before I had opened the doors of my store, it caught errors enough to pay the first installment on the machine. If those errors had gone through they would have bitten a fair-sized chunk out of my profits.

And now it's on the job in the store every day assuring me that I get every cent of profit that is coming to me.

## Cutting Out the Guess Work

There is no guess work in our figuring. Every sales slip is added up on the Burroughs. It is added quicker than the old way and we know it's right.

On Saturdays and Mondays—our busiest days—the cashier adds all the grocery orders on the Burroughs, relieving the clerks of that responsibility.

FIGURING AND BOOKKEEPING MACHINES PRICED AS LOW AS \$125

# Burroughs

## SOLDIERS WELL DECLARES LETTER FROM FAYETTE MAN

New York City "Jays" Are Not Liked By Men in Camp—Royal Treatment Accorded Along Route—Airplanes Are Thick—Bound for France.

A letter from one of the Fayette county men now located at Camp Mills, Long Island, announces that all of the men are well and in good spirits, and that they are undergoing new and heavier training to prepare them for service abroad. It is not known when the men will sail for France, but—Camp Mills is a temporary camp, and not a cantonment camp.

The letter states that in reaching Camp Mills the troops went through the famous Hudson river "tube" or tunnel, 90 feet under the river bed. Fayette troops are not pleased with the New York "jays" who according to the letter, acted as if they had never before laid eyes on a Middle West soldier, and expected to see wild men, or something of the sort. Many of those visiting the camp walked unceremoniously into the camp, and even poked their heads into tents to stare at the weary soldiers.

"Back home folks" have more manners and respect, is the conclusion reached by a perusal of the letter.

Another member of the "Rainbow Division," writing from Camp Mills, says:

"Say, the people in this country sure do treat you right. When you tell them you are from Ohio they go crazy. All along the road people gave us cakes and pies until we got tired of them. They would shake hands with us and wish us good luck; gave us their addresses, telling us to write."

"We went through the tunnel under the Hudson river and rode under New York City for 5 miles. Saw the Brooklyn bridge and many other things, it would take a week to tell about."

"There are 60,000 men here in camp, and airplanes are as thick in the air as men on the ground, so there is not much chance of getting lonesome. I don't think we will be here long, as the camp is not fixed for winter. Give all the boys my best, tell them to write, and send me the paper."

## BAKERS LINE-UP

(By American Press)

Washington, Sept. 13.—Bread prices will drop with the promised fall in cost of flour, sugar and other elements of baking. The fourteen ounce loaf will sell for less than 8 cents, though perhaps not 5 cents, by Oct. 1, a high authority in the Hoover food administration promised. The proposition is now before the National Master Bakers' association which, in response to Herbert Hoover's personal appeal, is considering voluntary reduction in bread prices.

## MEXICAN WAR VETS. IN THE STATE HOME

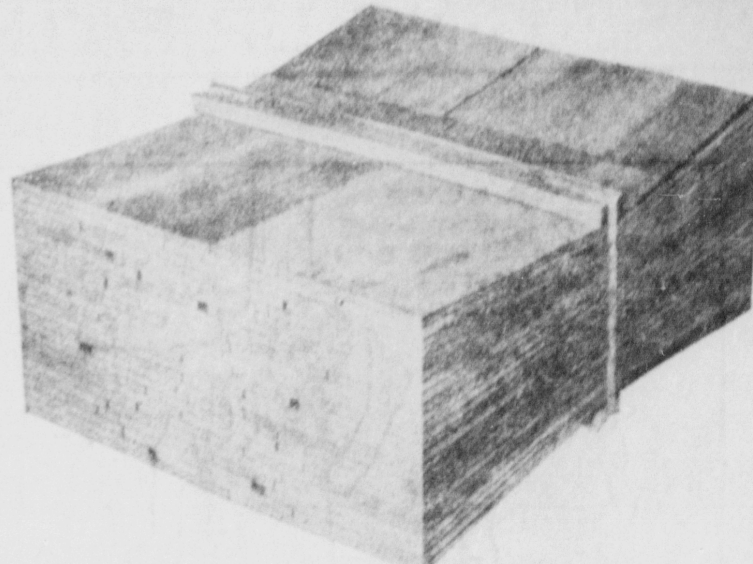

By Associated Press Dispatch.

Sandusky, O., September 13.—There are four veterans of both the Mexican and Civil Wars in the Ohio Soldiers' and Sailors' Home at present

as against one at this time last year.

The veterans are: Thomas J. Cusick, 88, admitted from Huron county; William B. Haynes, 90, from Toledo; William Bailey, 84, from Wyandot county, and Daniel C. Darlington, 90, from Newark.

All are enjoying remarkable health and vitality.

This Is An Exact Photograph of Our XXXXX Brand Red Cedar Shingles

Call at our yard and give these Shingles a personal inspection before you buy. They are priced at \$6.00 per thousand.

They are 100 per cent clear, 100 per cent vertical grain; positively no sap. You cannot buy a better roofing value on the market today.

## ENRAGED ARGENTINA CITIZENS IN ANTI-GERMAN DISTURBANCE

(By American Press)

Buenos Ayres, Sept. 13.—Thousands of people took part in an anti-German demonstration here, during which buildings were stoned and the torch applied. Despite the strong mounted guard, a mob broke all the windows in the office of the newspaper La Union and the German club, stoned the legation and one German newspaper building was set on fire by the mob.

The Argentine government sent to the German legation passports to be delivered to Count Luxburg, the German minister in Buenos Ayres. The whereabouts of Count Luxburg still is unknown to the Argentine government.

The foreign office also sent a communication to the German foreign ministry, demanding an explanation of Count Luxburg's action in sending the secret code messages to Berlin through the Swedish legation.

The Argentine minister at Berlin has been instructed to inform the German foreign office that Count Von Luxburg has been handed his passport, complete 6x15 feet; in good order. Ortmann Motor Company, Market street. 182 1f

LOST—Ladies gold watch. Finder return to Ford's Hardware Store and receive \$15 reward. 212 16

ports and to ask for explanations regarding the telegram disclosures. It the German government disapproves of the text of the German minister's dispatches and especially of the word "ass," which term the count applied to the Argentine foreign minister, the situation may clear. If Berlin does not disavow the minister's course, Argentina will recall her minister from Germany, but may permit the legation to remain.

If Germany expresses a desire to maintain relations with Argentina, notwithstanding the expulsion of Count Von Luxburg, it was said at the foreign office, this government would be willing to consider the question.

Argentina also has asked the German government for a full explanation of its present policy of sinking Argentina ships. This apparently was settled in the case of the steamship Toro, but in view of Count Luxburg's notes, which antedated that settlement, Argentina desires a clear statement.

It is believed to be unlikely that any action will be taken toward Sweden, the explanation by the Swedish legation, made before a demand for it had been sent to the legation, apparently satisfying the government that Baron Lowen acted in good faith in forwarding the telegrams, the contents of which were unknown to him.

## LIBERTY ENGINE IS COMMENDED BY SEC'Y BAKER

(By American Press)

Washington, Sept. 13.—The Liberty motor, the airplane engine on which the United States is relying to establish definite air supremacy over the Germans on the battlefields of France, has passed the final test and is a complete and gratifying success. Secretary of War Baker announced.

Secretary Baker told how all the best brains and business of American motorhood had contributed its secret and achievements to the government to produce the Liberty motor.

Secretary Baker says the motor is "now the main reliance of the United States in the rapid production in large numbers of high power battleplanes for service in the war." "In power, speed and serviceability and minimum weight," he continued, "the new engine invites comparison with the best that the European war has produced. The engine was brought about through the co-operation of more than a score of engineers, who pooled their skill and trade secrets in the war emergency."

## WHAT THE BOYS IN CAMP ARE SINGING

Camp Sherman, Ohio, September 13.

"It's a long way to Kaiser Billie,  
It's a long way we'll sail.  
When we get there we'll knock him  
silly  
And tie a cane to his tail.  
Good by square-headed Fritzies,  
Farewell German junk;  
It's a long, long way from here to  
Berlin,  
But that's where we'll bunk."

This is the song selectives sing on their daily hikes over the hills and through the valleys adjacent to Camp Sherman. The parody was written by one of the Company B boys.

## SQUIRREL HUNTING OPEN SEASON NEAR

The squirrel-hunt opens Saturday of this week—Sept. 15th, and will close October 20th.

Get your hunters license and your written permit. Who ever is found hunting on other land except his own without a written permit is prosecuted by the officers of the law instead of the owner. The Laws of the State of Ohio says that the Quail or Bob White is protected under section and also the Carolina Dove is protected under section 1409, and who ever kills any of the birds, under section 1409 will be prosecuted to the full extent of the law.

The Fox October 2nd to January 9th.

No person shall catch kill or pursue with such intent a Raccoon, Muskrat, Skunk, Mink or Opossum, except from the 15 of November to the first day of February. The Rabbit from the 15th day of November to the first day of January, and no person shall catch kill or pursue with such intent a Rabbit between one hour after sunset and one hour before sunrise and at no time shall any person kill or injure more than ten rabbits in any one day.

Boost Washington: buy at home.

## The Trouble Preventer

A visit to the Willard Service Station before battery troubles hit you, is better than two visits after. Testing by our experts costs you nothing; repairs cost you good money.

Regular hydrometer tests by battery experts will not only help keep you free from most battery ills—but will add months to your battery's life. Come in for a Willard Service Card that entitles you to free semi-monthly testing.

## TWO OF A KIND UNTIL ARRESTED

Two men, both given their names as George W. Culberson, and both escaped inmates of the Zanesville workhouse were arrested Saturday. One in Circleville and the other in Washington C. H.

The Culberson arrested here started trouble in the south end Saturday morning and Officer Stanley Edgington was detailed to arrest him.

Culberson resisted and a tussle ensued in which a bone in the little finger on Officer Edgington's left hand was broken, but he succeeded in bringing in his man. He was taken back to the Zanesville workhouse Monday by an officer from the works.

The punishment given to escaped prisoners is thirty days in a dungeon. The Culberson arrested in Washington C. H., attempted suicide at the Fayette county jail Sunday noon by drinking a quantity of lye. Circleville Union Herald.

## REV. ROHER GOES TO WASHINGTON CITY

Rev. Freely Roher, pastor of the First Presbyterian church of Greenfield, has accepted a call to the Metropolitan Presbyterian church in Washington, D. C., and leaves October 1st. His successor for the Greenfield church has not been chosen.
